Internet Speed Test - Downloading and Uploading!

Test your internet speed

The internet speed test measures the speed of your internet connection.
Your connection speed includes things like download speed and upload speed.

Important: This feature isn't available in some countries and regions.

You can test your internet download and upload speed:

1. **Go to Google.com.**
2. **Search for `internet speed test`.**
3. **Tap or click Run Speed Test.**

Google partners with Measurement Lab (M-Lab) to run this test.
